Dear Firstnamexxxxxxx,

If pain has ever gotten in your way, do we have a story for you! Here's a life-changing account from a real Dr. Janet's Glucosamine Cream user — in her own words.

"I was diagnosed with a crippling and painful disease called Gillaine-Barre Syndrome.

Long stretches of paralysis in my legs, along with chronic, severe pain, made my life a living hell.

Then, about four years ago, something truly remarkable happened to me.

I ordered Dr. Janet's Glucosamine Cream. It's not an exaggeration to say it changed my life.

The first time I rubbed it on my legs I thought, 'I'll give it 20 minutes.' But the pain went away in just 10 minutes.

And, please believe me when I tell you, it was the first time in 11 years that I slept through the night!

What a Godsend...I never thought I'd work in my flower garden again. Or play with my nieces and nephews. Or go to the movies with my husband. But today I am — I really am... And I'm even walking a mile a day now.

The real me is back—and here to stay!"

– Dineen Sehn, Richmond, Saskatchewan

Quiet The Pain In Just 15 Minutes

Dineen is just one of thousands of pain sufferers to find comfort in my exclusive blend of anti-inflammatory pain relievers and joint rebuilders. This one-of-a-kind, dual action Glucosamine Cream doesn't just calm the pain, but works long term to rebuild the cartilage in your joints.

The secret? It contains anti-inflammatory enzymes and vitamins like Emu oil, Pregnenolone, plus Boswellia Serrata (extracted from pineapple) to target and calm the pain on contact.

Laser-Like Focus

Unlike pain relief pills and capsules, that randomly scatter throughout the bloodstream, Dr. Janet's Glucosamine Cream completely bypasses the bloodstream and targets pain with pinpoint accuracy.

If you are suffering from symptoms associated with osteoarthritis, arthritis, bursitis, carpal tunnel syndrome, or any other joint and muscle pain, this cream was made for you.

Apply it directly to your neck, lower back, hips, stiff elbows, hands, wrists, knees. Anywhere that joint or muscle pain strikes.

And, unlike over the counter and prescription pills, there are no nasty side effects.

It's Easy To Apply, Odorless, As Well As Greaseless

Many of Dr. Janet's patients have told her the thing they appreciate most is that this cream has no odor. It's greaseless and absorbs fast, so it won't stain your clothes. There's also no burning or freezing sensation. And the easy-to-use pump eliminates messy tubes or wasted product.

Best of all...this pain solution is 100% natural.

Have you finally had it with insufferable pain? Is enough, enough? Take control — today, tomorrow and for life!

Make a change with Dr. Janet's Glucosamine Cream... and discover how good you can feel!

"Dr. Janet...Thank you for this great product. It's a miracle in a tube. It truly takes away the pain, and works like nothing else I've ever tried."
